Beautiful little cottage, perfect for our honeymoon. We had a very relaxed time. We really enjoyed the bacon and eggs that was left for us on arrival, it was a really nice touch! Thank you!

Y Granar

Robert and Gayle have created a special and tranquil place here. The finishing touches like fresh cut flowers, locally sourced produce and the box of toiletries and chargers in case you've forgotten anything are so kind and well thought out. The local walks are lovely and would recommend walking to Y Talbot for Sunday lunch (thank you R&G for telling us about it). Further afield the coastal paths from Aberaeron to New Quay and Aberystwyth to Borth (or vice versa) are each doable in a morning/afternoon. Get the bus or train back to your start point and eat in The Pepper Pot in New Quay for good seafood or The Hive in Aberaeron (the ice cream is also great here) for a couple of fab days out with amazing coastal views.

Thank you for creating this peaceful place away from the madness of the world - we loved it.

Hygge Hut

Had such a lovely stay at the Hygge Hut. What a beautiful part of the world and a unique and welcoming place to stay. Fantastic place for dogs who can roam and run as much as they like in a secure and private meadow. They (and we) really enjoyed our stay! Lots of wagging tails and happy faces! Not to mention spotting hedgehogs on our wildlife camera!

Thankyou both for a fabulous break

Wonderful break in this beautiful granary. How lovely to be greeted by an oasis of calm, gentle music playing and soft fluffy towels waiting. The grounds were perfect for us and our wayward puppy - so much space to run, from open fields to woodland to a babbling brook - all beautifully kept and aescape proof. Thank you!

Thank you for a lovely stay in a quiet and peaceful setting the walks are lovely and the dogs really enjoyed the freedom.

We would recommend you to anyone wanting a quiet relaxing time away from the mad rush of the world.

This is a lovely break from city life. You can hear the birds and smell the flowers, everything is so fresh. The dogs loved the space. They could run and play, trot round and sniff, or simply roll in the grass. There are plenty of walks which the two and four legged family can enjoy together. This is our second stay and won't be our last, we hope. Thanks to Robert and Gayle who make it so welcoming, with bacon, milk, butter, bread and all the other little things you find when you arrive.

Hygge Hut

Wonderful, peaceful location, love the Hygge and super secure meadow given that we have an escape artist dog. Great, friendly and helpful hosts who are super dog friendly. Lovely bacon, eggs, fresh bread, milk, etc on arrival so no worries on the first morning to cook a breakfast. Lots of walks to wear the dogs and humans out and a nice easy stroll into town for dinner. Excellent food and real ales available in y Talbot with friendly staff.

Lots of easy to reach locations like Devil's Bridge, Nature reserves and a drive across the mountains.

Would definitely recommend and look forward to our next visit.

We had a great stay at the Granary, Robert & Gayle thought of everything to make our stay memorable and the pooches loved it too.

Really enjoyed Robert's recommended walk and had a great afternoon at Aberaeron & Aberystwyth managed to dodge the weather and had plenty of sunshine. So nice to finally leave home and discover your lovely countryside and coastline.

The Granary was lovely and the welcome pack very much appreciated.

We will return.

Wow! That was an epic effort to finally have the break that we booked so long ago and that was repeatedly derailed by COVID. Thank you again for a lovely stay. We love the fact that you consider the dogs also to be your guests. We marvel at the design of the Granary which has everything we could have needed. We recommend Robert's dog friendly walks having now completed them all! We were lucky to also visit a couple of National Trust beaches whilst dogs were permitted. Robert's recommendations for Black Covert Woodland and the Hafod Estate were also invaluable, so thank you again. Leaving reminded us of all of the extra work that you now have to undertake between guests, so we wish you the best of luck for the future and look forward to returning sometime.

We came here for my wife's birthday, as we arrived the hosts informed me that they have put the Christmas tree up as I told them my wife loves Christmas. We also had Christmas carols playing on arrival and the host informed me that she has also bought a cheesecake for me in advance because my wife doesn't like birthday cake. They were so helpful and definitely went above and beyond for us. The Granar is an amazing place, the views were great, the village is just 2minutes away. We had a fantastic time. The host also allowed us to decorate with birthday banners and balloons. They totally made us feel at home. Diolch yn fawr

The place was absolutely beautiful warm cozy the owners were great even though we didn't see them much left us lots of info about different routes to walk which was good the beach is about 20 mins drive from here and the little town has all the amenities u need

Great place will come again thanks to the owners loved it

Hygge

What a fabulous place! Perfect for ourselves & Star - morning frisbee in her own paddock! Everything has been thought of for humans & dogs alike - loved the spare lead & holiday tags

In these very strange times we have been able to just relax & feel very safe - the extra touches such as the soaps and doggy treats made us feel special

Great location too - didn't need to drive somewhere every day which is always a good thing

So, thank you - we have been spoilt!
